Book a Mobile Community Recycling Service

1 Plan

- This service picks up household quantities (20kg or 20L per item) of these problem wastes from your place:
 - gas bottles, fire extinguishers
 - household and car batteries
 - motor and cooking oils, paint
 - fluoro globes and tubes
 - smoke detectors
- A maximum of 12 items or 100L will be collected per booking.
- No other waste will be collected.

2 Book

- Visit problemwaste.com.au
- Click on the 'Book a FREE pick-up' tab
- Fill in these details:
 - address
 - items to be collected
 - required collection date
 - contact details (name, phone, and email)
 - any special instructions.

3 Present

- Put items out the night before your collection date.
- Put items on the front boundary of your property where staff can easily collect it the next day. Near your letterbox is best.
- All items must be secured. Leaking or damaged containers will NOT be collected.

4 Other options

- Find out more ways to dispose of items by checking our B informed app or searching for these services on the Blacktown City Council website:
- community recycling centre
 - household chemical cleanout
 - household clean up
 - safe needle disposal.

Check our B informed app to quickly find out how to dispose of an item, get bin collection reminders, see upcoming events and workshops, and send us feedback directly.
