

Policy Number	P000329.5
Subject	Path Paving - Industrial Areas
Subject Area	BUILDING ASSESSMENT & COMPLIANCE
Strategy	Getting Around
File Number	117-10-6
Inception Date	
Last Review Date	25/02/2009
Reports	PO1065 GMR201244, PO1414 FC280025
Responsible Officer	Director City Assets - DCA, Director Design & Development - DDD
Policy	1. It is Council policy that path paving within industrial areas be restricted to one side of all roads except where circumstances dictate that such path paving is required on both sides of the road. The network to be determined jointly by the Director City Assets and the Director Design and Development. 2. The path paving be provided by the developer in accordance with the defined network at the time of subdivision and where no subdivision is required, at the time of development. 3. In the case where path paving has already been provided on both sides of part of a road the Director City Assets, Director Design and Development and Co-ordinator Engineering Approvals determine if this should be continued on any extension of the road and the extent thereof. 4. Where Council already holds a security guaranteeing the construction of concrete path paving on both sides of an industrial road the extent of work required be reduced to that required by the adopted network.
